How to use this printable?

This printable can be used to teach shapes to young toddlers.

Take a printout of the pages (2 copies) and laminate it.

Cut out the individual spices from one copy along its border to make a matching card.

Use Velcro on the main print out sheet and the matching card for your child to match them.

Please hop over to my you tube channel to see details of this printable and how to use the same. You can also use the same as a three-part card.
